

Republic of the Philippines
Department of Transportation
OFFICE OF TRANSPORTATION COOPERATIVES

18 February 2025

MEMORANDUM

FOR :  **REYMUENDO D.J. DE GUZMAN, JR.**
Chairperson

SUBJECT : **PTMP COMPREHENSIVE ACCOMPLISHMENT REPORT FOR CY 2024**

The Office of Transportation Cooperatives (OTC) is one of the partner agencies of the Department of Transportation (DOTr) in the implementation of the Public Transport Modernization Program (PTMP). The OTC plays a major role in the implementation of the Industry Consolidation & Development and Monitoring and Evaluation components of the PTMP.

As such, the DOTr has transferred funds to this Office an amount of PHP 45M for the Administrative Costs (Hiring of Personnel, Rentals, and Other Administrative Expenses) and implementation of various capacity-building activities for TCs and PTMP-related activities amounting to PHP 15M and PHP30M, respectively.

Below are the details of the activities based on the approved/signed Original Program of Works (POW) and Revised POW for CY 2024 (see attached Appendix A), to wit:

A. PTMP ADMINISTRATIVE SUPPORT

Budget Allocation – PHP 15,000,000.00

Actual(Obligated) – PHP 14,999,999.94

Description:

This involves the procurement of thirty (30) Job Orders (JO) and Contract of Service (COS) personnel to provide support and will be utilized in the delivery of technical assistance on skills development for TSCs. These personnel will be utilized in the field activities based on the respective tasks/assignments aligned with the overall activities. It also includes the lease of office space for the PTMP-PIU personnel and the provision of funds for other administrative expenses (e.g. supplies, semi-expendable properties, and other overhead expenses).

No.	Program/Activity	Target	Actual	Budgeted	Actual (Obligated)	Remarks
1	Hiring of thirty (30) Job Order/Contract of Service Personnel					
	1. Project Evaluation Officer III (SG18)	10	10			
	2. Information Officer II (SG15)	4	4	PHP12,479,301.99	PHP 12,479,301.99	100% BUR

No.	Program/Activity	Target	Actual	Budgeted	Actual (Obligated)	Remarks
	3. Administrative officer IV (SG15)	1	1			
	4. Administrative officer II (SG11)	12	12			
	5. Administrative Assistant (SG9)	1	1			
	6. Administrative Aide (SG6)	1	1			
	7. Driver (SG6)	1	1			
2	Office Space Rental			PHP 1,650,000.00	PHP 1,650,000.00	100% BUR
3	Other Administrative Expenses			PHP 870,698.01	PHP 870,697.95	100% BUR
	TOTAL			PHP 15,000,000.00	PHP 14,999,999.94	

B. CAPACITY-BUILDING ACTIVITIES AND OTHER PTMP-RELATED ACTIVITIES

Budget Allocation – PHP 30,000,000.00
 Obligated – PHP 25,579,129.80
 Disbursed – PHP 25,355,128.29

No.	Program/Activity	Target	Accomplishment	Allocated	Actual	Remarks
1	LABOR LAW SEMINAR	12 - Trainings	12 – Trainings	PHP 2,482,830.20	PHP 1,604,839.98	All target activities were accomplished
2	BASIC FLEET MANAGEMENT SYSTEM SEMINAR/ ASSESSMENT WORKSHOP ON THE RECALIBRATION OF BFMSS	12 - Trainings	12 – Trainings	PHP 13,051,864.50	PHP 12,909,639.24	All target activities were accomplished
		1 Activity	1 Activity	PHP 115,500.00	PHP 97,500.00	
3	DRIVERS TRAINING ON ROAD SAFETY AND ETHICS	13 - Trainings	- 270 TCs - 1,323 TC Members - 13 Activities	PHP 3,195,655.10	PHP 3,025,776.03	All target activities were accomplished
4	PTMP COMPLIANCE MONITORING OF TRANSPORT COOPERATIVES	308 TCs	302 TCs	PHP 2,055,707.26	PHP 1,543,035.61	- 2 TCs were found to be registered as Corporations rather than Cooperatives namely – J/L

No.	Program/ Activity	Target	Accomplishment	Allocated	Actual	Remarks
						<p>Corp. (Region VI) and DCM Transport Service Corp. (NCR);</p> <p>- 2 TCs (Arayat TSC and Calumpit Hagonoy Jeepney Drivers and Operators TC) were found to have duplicate entries in the records, listed under different names (Arayat TS MPC and Calumpit Hagonoy Operators and Drivers MPC); and</p> <p>- 2 TCs (Kalinga TSC and Ifugao TC) were not visited due to a Typhoon and the declaration of a state of calamity during the scheduled monitoring activity.</p>
		12 Activities	11 Activities	PHP 2,939,255.00	PHP 1,721,114.41	Due to the devastation caused by Typhoon Kristine, which severely impacted Region IV-B, the supposed PTMP Compliance

No.	Program/ Activity	Target	Accomplishment	Allocated	Actual	Remarks
						Monitoring Action Scheming Conference for Region IV-B and Region V was canceled.
						All target activities were accomplished
5	PTMP DOCUMENTARY SERIES AND PUBLICATION MATERIALS (Communication Strategy)	1 Documentary (18 TCs) 1 Publication (PTMP Special Report) Poster Sticker	19 Activities	PHP 1,048,320.00	PHP 736,812.44	PTMP Special report has yet to be produced in the first quarter of 2025.
6	ANNUAL REGULAR AND PTMP PERFORMANCE ASSESSMENT AND PLANNING WORKSHOP ACTIVITIES (Agency with Implementing Partners)	1 Activity (100 pax)	1 Activity 98 Total participants 34 Partners 64 OTC Personnel	PHP 1,457,500.00	PHP 1,371,503.50	Target activities were accomplished
7	AGENCY PARTICIPATION TO OTHER PTMP RELATED ENGAGEMENT/UNDERTAKINGS	As per invite		PHP 2,000,000.00	PHP 1,416,589.75	
8	Other PTMP capacity building-related support activities			PHP 1,653,367.94	PHP 945,726.71	
	TOTAL			PHP 30,000,000.00	PHP 25,372,537.67	

1. BASIC FLEET MANAGEMENT SYSTEM SEMINAR (BFMSS) / ASSESSMENT WORKSHOP ON THE RECALIBRATION OF BFMSS

Physical Accomplishments:	Target	Accomplishment
BFMSS	12 Activities	12 Activities
Assessment Workshop on the recalibration of BFMSS	1 Activity	1 Activity

1.1 Basic Fleet Management System Seminar (BFMSS)

Description:

The BFMSS is designed to help transport cooperatives effectively manage their vehicle fleets amidst the evolving transportation sector. With increasing demands for operational efficiency and cost reduction, this seminar will offer valuable insights into fleet management best practices, including maintenance, scheduling, and resource allocation. By adopting these strategies, cooperatives can enhance their operations, leading to greater profitability and sustainability.

The Fleet Management Course for Transport Service Cooperatives provides a comprehensive understanding of essential tools and practices for effective fleet management. It covers vehicle tracking, maintenance scheduling, fuel management, and driver performance monitoring. Through theoretical lectures, case studies, and hands-on exercises, participants learn to optimize operations, reduce costs, and improve performance. The course also covers data analysis, reporting, and decision-making to drive continuous improvement in fleet management strategies.

Project Duration:

The seminar series runs across twelve planned batches, commencing on 29-30 July 2024, and concluding with the Training of Trainers on 19-20 November 2024. Batches 1-11 accommodate approximately one hundred (100) participants, while Batch 12 is less than a hundred, ensuring optimal instructor-participant interaction while maintaining effective knowledge transfer.

The BFMSS spans a total duration of four (4) months, from its commencement in July 2024 to its conclusion in November 2024. This timeline ensures the successful execution of twelve training batches across various locations in the Philippines, demonstrating an efficiently structured rollout of the training program.

Project Implementation:

BATCH	PARTICIPANTS	NUMBER OF COOPERATIVES	COVERED REGIONS/AREAS
Batch 1	100	24	National Capital Region (NCR), Region 3, 4-A, and 4-B
Batch 2	100	23	NCR, Region 5, 4-A, and 3
Batch 3	89	22	NCR, Regions 3, 4-A, and 5
Batch 4	96	23	NCR, Region 3, Regions 4-A and 5
Batch 5	92	23	Regions 7 and 8
Batch 6	100	25	Regions 7 and 8
Batch 7	102	24	Regions 1, 2 and Cordillera Autonomous Region (CAR).
Batch 8	100	23	Regions 1, 2, 3, 4-A and (CAR).
Batch 9	95	22	Region 6
Batch 10	104	26	Regions 9, 10, 11 and 12
Batch 11	92	21	Regions 9, 10, 11 and 12

BATCH	PARTICIPANTS	NUMBER OF COOPERATIVES	COVERED REGIONS/AREAS
Batch 12	36	N/A	N/A ¹
TOTAL	1,106		

Note: See Appendix B for detailed list of participating transport cooperatives.

Key Findings and Observations:

Transport Cooperative (TC) Issues and Concerns:

- Shortage of Drivers and Public Assistance Officers (PAO) – This leads to reduced service availability and increased operational costs, impacting financial stability and causing delays and overcrowding for commuters.
- Improper Management of Drivers, PAOs, and Inspectors – Issues such as inconsistent work schedules, lack of proper training, and inadequate enforcement of rules contribute to delays, accidents, and unsatisfactory service.
- Overlapping Duty of Officers – This creates tension among staff, reducing overall effectiveness in managing daily operations and ensuring smooth service delivery.
- Financial Management Challenges – Includes inadequate budgeting, poor cash flow control, and lack of transparency in financial practices, leading to inefficiencies and difficulties in covering maintenance costs and investments.
- Competition Between Traditional Public Utility Jeepney (TPUJ) and Modern Public Utility Jeepney (MPUJ) or Special Permit MPUJ and Certificate of Public Convenience (CPC) / Provisional Authority (PA) Holders MPUJ – This rivalry creates tensions within the sector, hinders cooperation, and results in uneven service availability as both types of vehicles compete for the same passenger market.
- Government's Inconsistency in PTMP Implementation – Frequent policy changes, unclear guidelines, and delays in support mechanisms create uncertainty, making it difficult for TCs to plan and adapt.

Transport Cooperatives Workshop:

The Transport Cooperatives Workshop is a crucial component of the seminar, providing practical, hands-on learning opportunities for participants. After each module, participants will engage in a hands-on workshop using an actual Excel worksheet, where they will apply fleet management concepts.

Recommendations:

Based on the findings from the seminar and the final report, the following recommendations are proposed:

1. Enhanced Driver and Personnel Training – Establish a continuous training program to address shortages and improve the management of drivers, PAOs, and inspectors.
2. Financial Literacy Programs – Provide transport cooperatives with financial management workshops to enhance budgeting, cash flow management, and financial transparency.
3. Stronger Regulatory Compliance Support – Improve coordination between transport cooperatives and government agencies to streamline policy implementation and reduce uncertainties.
4. Technology Integration – Encourage the adoption of fleet management worksheets to optimize scheduling, maintenance, and data-driven decision-making.
5. Competitive Balancing – Develop clear regulatory frameworks to ensure fair competition among TPUJ, MPUJ, and CPC/PA holders, preventing unnecessary market tensions.

¹ Participants from OTC, DOTr, LTFRB and Davao LGU.

6. Sustainability and Expansion – Implement post-training monitoring and mentorship programs to ensure cooperatives effectively apply learned strategies and improve operational sustainability.

Next Steps:

1. Development of Worksheet Manual – Outline steps for transport cooperatives to integrate the BFMS worksheets into daily operations.
2. Coordinate with Government Agencies – Engage with DOTr, LTFRB, and local government units to align policies and support transport cooperatives.
3. Expand Training Opportunities – Offer advanced modules for cooperatives that successfully adopt the basic fleet management strategies.
4. Strengthen Collaboration Among Cooperatives – Promote information sharing and collective problem-solving through networking events and workshops.
5. Assess Impact and Continuous Improvement – Conduct follow-up evaluations to measure the effectiveness of the training and identify areas for improvement.

1.2 ASSESSMENT WORKSHOP ON THE RECALIBRATION OF BFMS

To enhance the operational capabilities of transport cooperatives, the OTC has implemented the Basic Fleet Management System Seminar (BFMS). This seminar serves as a foundational training program aimed at equipping transport cooperatives with essential knowledge and skills for effective fleet management.

However, given the rapidly evolving landscape of the transport industry—including changes in policies, technological advancements, and emerging best practices—it is imperative to reassess and update the seminar regularly. To ensure its continued relevance, comprehensiveness, and effectiveness, the OTC conducted an Assessment Workshop on the Recalibration of the Basic Fleet Management System Seminar.

Objectives:

The Assessment Workshop is designed to achieve the following:

- Evaluate the Effectiveness of the Initial Seminar Implementation
 - Gather insights from OTC personnel and transport cooperative participants regarding the strengths and weaknesses of the previous seminar sessions
 - Identify areas that require improvement, including content relevance, clarity, and participant engagement
- Recalibrate the Training Modules and Materials
 - Update course content to reflect new policies, emerging industry trends, and best practices in fleet management
 - Ensure that modules provide practical, data-driven, and actionable insights for transport cooperatives
- Enhance Facilitation and Delivery Approaches
 - Assess the effectiveness of the training methodologies used in the initial seminar
 - Introduce interactive learning techniques such as case studies, group discussions, and hands-on exercises to improve participant engagement and knowledge retention
- Assess and Improve Resource Speaker Contributions
 - Review the effectiveness and expertise of the resource speakers from previous sessions
 - Identify potential new speakers or subject matter experts to provide more comprehensive and up-to-date insights
 - Improve the structure of speaker presentations to ensure clarity, relevance, and practical application

OUTCOME (Upon the delivery of the next training session)

- Refined Training Modules
 - Updated content based on feedback from OTC personnel and transport cooperatives
 - Integration of new industry standards, best practices, and technological advancements in fleet management
- Enhanced Facilitation Methods and Training Strategies
 - Adoption of more interactive and engaging instructional techniques
 - Improved training materials, including visual aids, case studies, and hands-on activities
- Strengthened Resource Speaker Contributions
 - Improved speaker selection process to ensure expertise and relevance
 - More structured and effective speaker presentations for better knowledge dissemination

2. DRIVERS' TRAINING ON ROAD SAFETY AND ETHICS (DTRSE)

Physical Accomplishments:

Target No. of Activities: 13 Activities
Actual: 13 Activities

Description:

The Drivers' Training on Road Safety and Ethics (DTRSE) is a one-day seminar in partnership with the Land Transportation Office (LTO). The LTO aims to provide public utility vehicle drivers from transport cooperatives with the crucial knowledge and skills required for responsible and safe driving. As public utility drivers, they play a vital role in ensuring both their safety and that of others. The program focuses on the importance of following road safety regulations and supporting the implementation of the PTMP, which strives to enhance the quality and dependability of public transportation for the benefit of all road users.

The DTRSE is a combination of interactive and lecture-based approaches with the use of the approved Drivers' Training Outline. The resource persons/experts all came from the LTO.

Project Duration and Implementation:

The DTRSE spanned a total duration of 7 months from its commencement in April to its conclusion in November 2024. This timeline completed the thirteen training batches across various regions in the Philippines, demonstrating an efficient rollout of the training program.

Project Implementation:

BATCH	PARTICIPANTS	NUMBER OF COOPERATIVES	COVERED REGIONS/AREAS
Batch 1	92	35	NCR
Batch 2	92	30	NCR
Batch 3	102	33	Region 4A
Batch 4	97	29	Region 4A
Batch 5	102	26	Region III
Batch 6	102	30	Region III
Batch 7	110	21	Region VII
Batch 8	110	25	Region VII
Batch 9	110	16	Region XII
Batch 10	111	14	Region XII

Batch 11	82	5	Region X
Batch 12	141	16	Region IX
Batch 13	72	20	Region IV-A (Cavite)
TOTAL	1,323		

Key Findings and Observations

TC Issues and Concerns :

1. Confiscation of driver's license by the LGUs - Accordingly, some LGUs confiscate driver's licenses, contradicting the Department of the Interior and Local Government (DILG) Memorandum 01-2008, which states that only LTO and their deputized agents can confiscate drivers' licenses.
2. Unauthorized Operation of Public Transportation - This concern is common in all areas that the program was conducted. Accordingly, there were "colorum vehicles" acting as public transportation (e.g. PUJ, UV) including tricycles, which were regulated by the LGU. Hence, the said operation greatly affects the income of the Transport Cooperative, which processed their franchises to operate legally.
3. Submission of medical certificate relative to the drivers license - Submission of medical certificate every 3 years was compulsory despite acquiring drivers license with 10-year validity, which was an inconvenience for an individual. However, as of this writing, a temporary restraining order (TRO) was issued by the LTO relative to the matter.
4. Irregularities from Authorized Agents / Enforcers - There were some accounting enforcement irregularities, such as improper apprehension and abuse of authority. Further, accordingly, colorum vehicles were treated lighter than those who were under franchise.
5. The limited number of participants per Transport Cooperative - due to budget constraints, the office can only accommodate 2-4 driver members per cooperative, considering the large portion of the membership of a TC were drivers and operator-drivers.

3. ORIENTATION SEMINAR ON LABOR LAWS

Target No. of Activities:	12 Activities
Actual :	12 Activities

Description:

The Orientation Seminar on Labor Laws for Transport Service Cooperatives is a comprehensive program designed to enhance the knowledge and understanding of cooperative members, particularly drivers, regarding their rights, responsibilities, and compliance with labor laws. By fostering awareness of labor standards and ethical practices, the seminar aims to strengthen the cooperative's commitment to fair treatment, safe working conditions, and adherence to legal requirements.

With assistance from the Department of Labor and Employment (DOLE), it emphasized the vital role in safeguarding the professional and legal responsibilities of transport cooperatives. Through this initiative, DOLE provides transport cooperative members with the essential knowledge and guidance needed to uphold a safer, more ethical, and legally compliant transportation system.

Project Duration:

The Orientation Seminar on Labor Laws was conducted over seven (7) months, beginning in May 2024 and concluding in October 2024. During this period, twelve (12) training batches were successfully held across various locations in the Philippines, showcasing the program's well-organized and efficient implementation.

Project Implementation:

Batch	Participants	Number of Cooperatives	Covered Regions/Areas
Batch 1	100	41	Region V
Batch 2	110	42	Region XII
Batch 3	101	33	Region IV-A (Laguna and Batangas) and Region IV-B (Mindoro)
Batch 4	90	28	Region IV-A (Cavite and Rizal)
Batch 5	94	35	Cordillera Administrative Region (CAR)
Batch 6	106	40	Region I and Region II
Batch 7	104	42	Region X
Batch 8	75	28	Region VI
Batch 9	105	26	Region III (Pampanga, Bataan, and Zambales)
Batch 10	119	21	Region III (Tarlac and Nueva Ecija)
Batch 11	105	24	Region VII
Batch 12	105	23	Region VIII
TOTAL	1,214	383	

Key Findings and Observations

The implementation of the Orientation Seminar on Labor Laws faced several notable challenges that influenced the overall quality of the learning experience and the effectiveness of knowledge dissemination. These challenges, include preparatory issues, language barriers and the limited availability of technical experts, highlighted critical areas for enhancement in future seminar iterations. Furthermore, the concerns raised by participating transport cooperatives regarding the seminar content underscored the need for a more tailored approach to address their specific needs. This section provides a comprehensive overview of the key obstacles encountered by facilitators during the seminar and discusses the issues received from transport cooperatives about the subject matter.

Recommendations:

The joint collaboration between DOLE and OTC for the conduct of Basic Occupational Safety and Health (BOSH) is highly recommended to address the pressing concerns raised by numerous

cooperatives across various regions regarding the financial and human resource constraints they face in meeting the requirements for having a designated Safety Officer.

The inclusion of a Safety Officer is a critical component for compliance with the Occupational Safety and Health (OSH) Program, which mandates specific safety standards to ensure a secure working environment. Failure to comply with these requirements not only compromises workplace safety but also exposes cooperatives to potential sanctions. The provision of free and accessible BOSH training can significantly alleviate the financial burden for transport cooperatives, and enable them to meet legal standards without incurring prohibitive costs.

This proactive approach would foster a safer, and compliant transport service provided and support the sustainability and growth of cooperatives.

4. COMPLIANCE MONITORING ACTIVITY

Target No. of Activities: 308 Transport Cooperatives
Actual : 302 Transport Cooperatives

Description:

The Compliance Monitoring Activity is designed to assess and verify that transport cooperatives are meeting the standards mandated by the government in relation to the modernization program. This includes the adoption of environment-friendly and fuel-efficient vehicles, compliance with safety and quality standards, the integration of modern technologies such as Global Positioning System (GPS) tracking and Automated fare collection systems (AFCS), and analysis for non-operational units. The monitoring process involves systematic data collection, financial validation, garage inspections, and report evaluation aimed at ensuring that transport cooperatives operate in accordance with the objective of the program.

The Compliance Monitoring Activity serves as a tool with a specific focus on evaluating the effectiveness of the implementation of PTMP and how it supports the development and sustainability of transport cooperatives in the Philippines.

Project Duration:

The Compliance Monitoring Activity spanned a total duration of seven (7) month period from its commencement in May 2024 to its conclusion in December 2024. This timeline completes the conduct of the said activity to 302 transport cooperatives out of the total targeted number of 308 transport cooperatives across the 18 regions of the country. These cooperatives include both existing cooperatives transitioning to modernized vehicles and newly established cooperatives created to participate in the modernization initiative.

The OTC hired Ten (10) Project Evaluation Officers to conduct the said monitoring activity. The goal of the activity is to produce quality reports that will provide valuable information and recommendations for the improvement of the program.

Project Implementation:

MONTH	AREAS COVERED	NO. OF TCs COVERED
May	NCR	6
	Region IV-A	1
June	Region I	6
	Region II	6
	Region III	18
	Region IV-A	21
	NCR	3

MONTH	AREAS COVERED	NO. OF TCs COVERED
July	Region I	9
	Region III	12
	Region IV-B	6
	Region V	11
	Region VI	12
	NCR	8
August - September	Region VII	21
	Region VIII	37
	NCR	2
	Region IX	2
	Region IV-A	3
	Region I	3
October	Region III	1
	NCR	22
	Region VI	3
	Region X	27
	Region XIII	9
November	CAR	13
	Region XI	6
December	Region XII	23
	NCR	4
	Region IV-A	1
	Region III	6
TOTAL NO. OF TCs MONITORED		302

Key Findings and Observations:

Operational

1. Dropping/Substitution of units: Out of 302 TCs visited, 220 TCs or 72.85% of the total number are still reluctant to the context of the shift from traditional to modernized units because of their concerns about financial feasibility, particularly the high upfront costs or debt obligations involved;
2. Adopted Dispatching System (Unit Monitoring): Despite no existing policies or FMS Manual duly approved by the TC's Board of Directors (BODs) 89.40% or 270 of the TCs monitored practices FMS with key components such as unified dispatching, preventive maintenance, and spare parts inventory/monitoring.
3. Availability and Operation of Garages with Fuel Refilling Stations: Because of the modernization program, 275 or 91.06% of the total TCs were able to acquire this service which improves the operational safety and longevity of the fleet. Also, having fuel stations within the garage helps reduce transportation costs associated with sending the vehicles to external refilling stations;
4. Use of Telematics (CCTV, GPS, and Electronic ticketing): Out of 302 TCs visited, 262 TCs or 86.76% of the total number are Having an installed and functional supporting telematics improves operational transparency, efficiency, and safety by deterring crime, monitoring driver behavior, and ensuring passenger safety;and
5. Involvement of the BODs on day-to-day operations: 189 of the TC's Board of Directors acted on the day-to-day operations, garnering a total percentage of 62.58% of the total TC implementers. This is a clear violation of the provision of R.A. 9520 otherwise known as the Philippine Cooperative Code of 2008.

Administrative

1. **Incomplete Organizational Chart:** Aside from its clear violation of regulatory requirements set by Cooperative Development Authority (CDA), the absence of a well-defined organizational structure can hinder efficient decision-making and management;
2. **Provision of Mandatory Benefits:** 147 TCs or 48.68% of the total TC implementers have failed to provide mandatory benefits such as Social Security System (SSS), PhilHealth, and Pag-IBIG Fund contributions to eligible members, including drivers and PAOs;
3. **Implementation of Boundary System Salary Scheme:** Drivers and PAOs preferred the said scheme over salary-based compensation for this offers flexibility and potentially lower upfront costs compared to the usual operational scheme of PTMP;
4. **Management Turnover:** This refers to the no proper turnover from former to current management. This includes the remittance of the proceeds from operations as well as other significant documents;
5. **Interpersonal Dispute:** These disputes lead to division among members, undermining the cooperative's purpose. Also, conflict among members disrupts daily operations, leading to operational delays and inefficiencies;
6. **Positive financial feedback:** Out of 302 TCs visited, 188 TCs or 62.25% of the total number have shown consistent financial growth, with net surpluses in recent years despite the challenges faced. They also maintain a comprehensive financial manual in place; and
7. **Compliance with the renewal of CDA's Certificate of Compliance (COC) and OTC's Certificate of Good Standing (CGS):** a total of 43 or 14.24% TCs fail to renew their CGS because of the delay in the issuance of their COC, which is one of the requirements for the said renewal. This resulted in TC's inability to operate legally, access government programs, or participate in public bidding processes.

TC Issues and Concerns:

During the conduct of the compliance monitoring activity, several issues and concerns were relayed by the transport cooperatives, highlighting the challenges they face in adhering to the requirements of the program. Such concerns include logistical and financial constraints that contribute to their difficulties in implementing modernization measures. These issues include the following:

1. **Financial constraints:** limited capital and access to financing institutions (Government Financing Institutions (GFIs)/Private) to purchase or maintain modern vehicles, or to cover operational costs, affecting the ability to comply with modernization requirements;
2. **Delayed Government Subsidies:** Subsidies (Fuel, Equity subsidies, Service contracting) are meant to support TCs in modernizing their fleets, covering operational costs. etc. When delayed, it causes financial instability making them unable to pay for ongoing expenses like fuel, maintenance, wages, and loan payments;
3. **Pending Local Public Transport Route Plan (LPTRP):** Without an approved LPTRP, cooperatives faced uncertainty regarding the routes they were allowed to operate. This can hinder their ability to maximize their services, affecting scheduling, fleet deployment, and customer reach;
4. **Inconsistent Operational Guidelines:** Varying regulations across LGUs create confusion for TCs operating in multiple areas, as they must comply a variety of requirements and restrictions;
5. **Limited access to spare parts:** This leads to significant downtime of vehicles, which directly impacts the TC's ability to generate income;
6. **Lack of cooperation among members:** This leads to inefficiencies and internal discord, negatively affecting the TC's service delivery;
7. **Unfair competition and Market Saturation:** Increased competition often leads to under charging of fare collection compare to the approved fare matrix, sending an impact to their profitability, service quality, and long-term viability;
8. **Absence of OTC Personnel in Regional Offices:** Without a proper point of contact, TCs feel that their concerns are not being taken seriously, which could damage their relationship with the regulatory authorities; and

9. TC's Resistance to change: With 220 out of 302 TCs still sticking to traditional practices, this puts the cooperatives at risk of losing their legal ability to operate and participate in an increasingly competitive market.

Other Issues and Concerns

From the 308 TCs derived from the LTFRB list, 302 were monitored of which 3 TCs have no MPUV units yet, namely – *Bauang Agoo Rosario Naguilian San Fernando Jeepney Operators Drivers TC (Region I)*; *San Rafael Montalban TC (Region IV-A)*; and *Matina Aplaya TC (Region XI)*; 2 TCs (*Salug Valley TC and SMART Coop*) were confirmed to have ceased their respective transport operations; 2 TCs (*Alabang TSC and Taguig TSC*) were monitored but due to lack of data and proper turnover of documents from the previous PEO who resigned, resulted in the non-submission of the required reports.

Following the list of TCs monitored, it was noted that 6 TCs that were originally on the list were unable to be completed due to;

- 2 TCs were found to be registered as Corporations rather than Cooperatives namely – *JJL Corp. (Region VI)* and *DCM Transport Service Corp. (NCR)*;
- 2 TCs (*Arayat TSC and Calumpit Hagonoy Jeepney Drivers and Operators TC*) were found to have duplicate entries in the records, listed under different names (*Arayat TS MPC and Calumpit Hagonoy Operators and Drivers MPC*); and
- 2 TCs (*Kalinga TSC and Ifugao TC*) were not visited due to the typhoon and the declaration of a state of calamity during the scheduled monitoring activity.

Evaluation and Analysis for Non-Operational Units:

Shown in the table is the summary of all submitted survey forms from transport cooperatives across the region sometime in 2nd quarter of 2024, highlighting the number of modernized units and their corresponding non-operational units, updated as of 31 December 31, 2024:

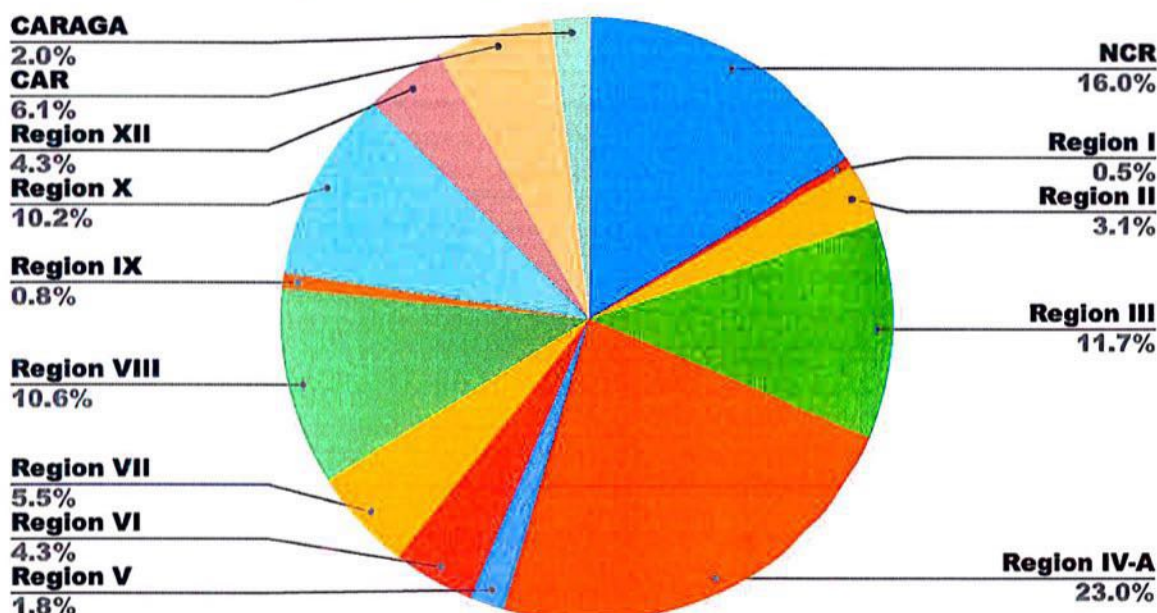

REGIONS	No. of TCs Surveyed	No. of Submissions	% of Submissions	No. of Units	No. of Non-Operational Units	Failure Rate per Region (%)
NCR	48	40	83.33%	1,089	97	8.91%
Region I	18	16	88.89%	262	3	1.15%
Region II	7	5	71.43%	125	19	15.20%
Region III	37	31	83.78%	720	71	9.86%
Region IV-A	24	21	87.50%	958	139	14.51%
Region IV-B	6	4	66.67%	135	0	0.00%
Region V	11	10	90.91%	148	11	7.43%
Region VI	16	10	62.50%	576	26	4.51%
Region VII	21	13	61.90%	601	33	5.49%
Region VIII	37	27	72.97%	316	64	20.25%
Region IX	2	2	100.00%	5	5	100.00%
Region X	29	27	93.10%	270	62	22.96%
Region XI	5	4	80.00%	50	0	0.00%
Region XII	22	19	86.36%	241	26	10.79%
CAR	16	13	81.25%	277	37	13.36%

REGIONS	No. of TCs Surveyed	No. of Submissions	% of Submissions	No. of Units	No. of Non-Operational Units	Failure Rate per Region (%)
CARAGA	9	8	88.89%	77	12	15.58%
Total	308	250	81.17%	5,850	605	10.34%

The data indicating that 605 out of 5,850 consolidated modernized units are non-operational highlights a significant issue for transport service cooperatives. This represents approximately 10.34% of the total modernized vehicles, suggesting that a notable portion of the modernized units are currently unable to fulfill their intended role in the transport system.

Following the summary of all submitted forms, below is the chart depicting the regional distribution of non-operational units:

No. of Non-Operational Units

The data shows that Region IV-A has the highest number of non-operational units, with a total of 139 out of 605. This suggests the possibility that the TCs in the region are facing specific challenges that contribute to a higher rate of vehicle dysfunction. This represents approximately 23% of the total non-operational units across all regions, which is a notably high proportion.

Following the data of the regions with the most number of non-operational units, shown below are the commonly acquired vehicle brands that have the highest number of non-operational units:

BRAND	NO. OF NON-OPERATIONAL UNITS
HINO	205
ISUZU	59
DONGFENG	48
HYUNDAI	45
FORLAND	37

FUSO	34
STAR8	26
FOTON	21
WULING	19
JMC	17
TOJO	17
ZHONGTONG	17
DONGFENG FAW	12
QSJ	11
FAW	9
ANKAI	5
AUTOKID	5
GAZELLE	4
HIGER	4
ASIA STAR	2
JAC	2
TATA SUPER ACE	2
COSTAR NG	1
DURABUILT	1
MAHINDRA	1
SOJEN	1
TOTAL	605

Among the vehicle brands identified, **Hino** (205), **Isuzu** (59), and **Dongfeng** (48) have emerged as the top brands with the highest number of non-operational units. The most commonly reported problems include malfunctioning air conditioning units, alternator failures, and various mechanical part failures. The frequency of these issues highlights the importance of improving maintenance protocols, especially for critical systems like air conditioning and alternators, which are essential for long-term vehicle performance.

5. PTMP COMPLIANCE MONITORING ACTION SCHEMING (EXIT) CONFERENCE

Target No. of Activities: 12 Activities
Actual : 11 Activities

(The deficiency was due to the postponement of the PTMP Compliance Monitoring Action Scheming Conference for Region IV-B and Region V due to Typhoon Kristine, which severely affected the said regions. The activity was originally scheduled for November 5-8, 2024).

Description:

The PTMP Compliance Monitoring Action Scheming Conference serves as a vital platform for fostering collaboration and possible solutions within the transport sector. This conference follows the Compliance Monitoring Activity, where key insights, observations and issues are gathered to assess the current state of the PTMP among transport cooperatives.

The PTMP Compliance Monitoring Action Scheming Conference is more than a venue for dialogue. It is a proactive initiative aimed at empowering the transport sector, fostering a culture of collaboration, and driving meaningful change for all stakeholders involved. By equipping cooperatives with actionable insights, strengthening their role in the transport sector, and ensuring their concerns are heard and addressed, the conference creates a space for open dialogue and collective problem-solving, contributing to the program's long-term success and sustainability.

Project Duration:

The PTMP Compliance Monitoring Action Scheming Conference was conducted during the 4th quarter of 2024, showcasing a proactive approach to ensuring compliance with relevant mandates. The first batch of the activity was held on 09 October 2024, followed by subsequent batches conducted simultaneously across different locations. The final session of the activity took place on 05 December 2024.

Project Implementation:

AREA COVERED	DATE/VENUE OF ACTIVITY	No. of TC-Participants	No. of Individual Participants
Region I and II	October 7-10, 2024 Mines View Park Hotel	28 TCs	77 TC Leaders
Region III	October 23-25, 2024 Gerly's Place Hotel and Resort	29 TCs	83 TC Leaders
Region IV-A (CALABARZON)	October 23-25, 2024 Solano Hotel and Resort	15 TCs (The low turn out of participants was due to flooding and strong rain and wind brought by Typhoon Kristine)	50 TC Leaders
Region VI and VII	November 5-8, 2024 Goldberry Lite Hotel	24 TCs	70 TC Leaders
Region VIII	November 5-8, 2024 The Avenue Hotel	32 TCs	93 TC Leaders
Region IX and X	November 19-21, 2024 Philtown Hotel	30 TCs	105 TC Leaders

AREA COVERED	DATE/VENUE OF ACTIVITY	No. of TC-Participants	No. of Individual Participants
NCR	November 20-22, 2024 Robbinsdale Hotel	35 TCs	107 TC Leaders
CARAGA	November 26-29, 2024 VCDU Prince Hotel	9 TCs	28 TC Leaders
CAR	November 26-29, 2024 Egi Albergo Hotel	8 TCs	28 TC Leaders
Region XI and XII	December 3-6, 2024 Phela Grande Hotel	24 TCs	79 TC Leaders

Sharing of Meritorious Practices/Success Stories

Identified TCs shared their common practices on their Modern PUV operations, Spare Parts Procurement, Vehicle Maintenance and Cleanliness, Data Privacy Practices, Collaborative relationship with other Cooperatives, Lakbay Aral, Kapatid Program, Waste Management and Recycling, among others.

Workshop Activity

As part of the activity, the participants were divided into groups and were tasked to determine the possible/recommended concrete steps/course of actions to be undertaken by TCs and/or by the concerned government agencies to address the common issues, concerns and challenges faced by TCs in their PTMP implementation identified during the conduct of Compliance Monitoring Activities. These involve TC administrative and operational matters. The result of which is still subject to consolidation and will be shared with the concerned government agencies and stakeholders.

6. PTMP DOCUMENTARY SERIES

Activities:	Target	Actual
Documentary Series:	18 TCs	19 TCs
Printing(PTMP Special Report):	1 Publication	1 Publication

Description:

The **PTMP Documentary Series** is a series of short documentaries that showcase testimonial stories of success and struggles experienced among transport cooperatives across the country. It serves as a communications strategy to highlight not only the positive outcomes of industry consolidation, but also the real situations on the ground and how transport cooperatives with the government's support and assistance address such challenges.

The **PTMP Special Report**, on the other hand, refers to a comprehensive report which entails the capacity building activities offered by the OTC for transport cooperatives. This report further covers the Agency's accomplishments in Fiscal Year 2024, in relation to its effort as one of the government agencies deemed pivotal in the implementation of the PTMP.

Project Timeline and Implementation:

PTMP Documentary Series

The PTMP Documentary series is a project, including interviews, photo/video coverage of the following identified transport cooperatives, to wit:

No.	Regions	TC Name	Schedule
1	NCR	A. Roces TSC	09 September 2024
2		Pandacan TSMPC	
3		NOBABLUM TC	
4	R4-A	Lungsod Silangan TSMPC	11 September 2024
5	R3	Pagunova TSMPC	24 September 2024
6	NCR	San Dionisio TSC	27 September 2024
7		997 Sandigan TSC	30 September 2024
8	R4-A	Lucban Genesis TSMPC	08-11 October 2024
9	R10	Oro TSC	21-26 October 2024
10		Bukidnon TSMPC	
11	R12	LADOTRANSKO MPC	04-09 November 2024
12		Metro Gensan TSC	
13		Modelong Tricycle Drivers in Gensan TC	
14	R7	Pit-os Talamban Mandaue TC	11-16 November 2024
15		El Pardo TC	
16		LAMADOTRANSKO MPC	
17	R4-B	Bongabong Bansud Gloria Pinamalayan (BBGP) TC	19-23 November 2024
18		Victoria Operators Drivers and Commuters TC (VODACTCO)	
19	NCR	Taguig TSC	25 November 2024

PTMP Special Report

The publication of the OTC Special Report highlighting the Agency's PTMP-related activities for CY 2024 will be undertaken based on the following indicative timeline, to wit:

Date	Activity
January 21, 2025	Deliberation of potential suppliers by the Bidding & Awards Committee
February 17, 2025	Submission of the initial draft of the report to the Editorial Team
February 18-21, 2025	OTC Management/Editorial Team Review and/or approval
February 24, 2025	Finalization of the Revised Report for final approval
February 25, 2025	Submission of report to the supplier for production

7. Year-End Management and Public Transport Modernization Program (PTMP) Performance Review

Target No. of Activity:	1 Activity
Actual :	1 Activity, 10-12 December 2024, Bataan White Coral Beach Resort, Morong Bataan

Description:

The Year-End Management and Public Transport Modernization Program (PTMP) Performance Review aims to evaluate the performance of the Office of Transportation Cooperatives (OTC) and assess the progress of its public transport modernization initiatives. The review focuses on strengthening partnerships among government agencies, transport cooperatives, and other stakeholders.

This activity serves as a platform to:

1. Highlight successes in implementing modernization initiatives.
2. Identify and address challenges to ensure program efficiency.
3. Recognize contributions of key partners and stakeholders.
4. Recalibrate strategies to align with future goals of the PTMP.

The review underscores the OTC's commitment to continuous improvement and achieving its modernization program deliverables.

Activity Details

- Duration:
A three-day event, conducted from 10–12 December 2024.
- Participants:
 1. Key Government Agency Representatives that are actively involved in the PTMP.
 2. Academic Institutions/Experts providing insights on modernization policies and strategies.
 3. Public Transport Cooperatives represented by the Federation Leaders involved in implementing modernization programs.
 4. OTC and PTMP-PIU Personnel who are responsible for managing and executing the Agency's activities under modernization program.

Participants	No. of Participants
1. Department of Transportation (DOTr)	4
2. Land Transportation Franchising and Regulatory Board (LTFRB)	2
3. University of the Philippines National Center for Transport Studies (UP-NCTS)	5

Participants	No. of Participants
4. Department of Labor and Employment (DOLE)	7
5. Pag-IBIG Fund	4
6. Social Security System (SSS)	2
7. Philippine Health Insurance Corporation (PhilHealth)	3
8. National Federation of Transport Cooperatives (NFTC)	4
9. Federation of Transport Cooperatives in Rizal	3
10. Office of Transportation Cooperatives (OTC) Personnel	64
TOTAL	98

The following activities took place during the three-day event:

Day 1: December 10, 2024

- Participation of partner agencies; on the implementation of OTC's PTMP Activities, reaffirming their support for OTC initiatives.
- Discussion of ways to enhance training and assistance to transport cooperatives.
- Signing of a Memorandum of Agreement between OTC and Pag-IBIG Fund to strengthen financial support for transport cooperative members.

Day 2: December 11, 2024

- Presentation of OTC division's targets vs accomplishment for 2022-2024.
- Identification of challenges encountered on the conduct of PTMP and regular activities and formulation of recommendations.

Key Issues and Recommendations:

Office of the Chairman (OC):

- Align indicators with the 2025 Strategic Plan.
- Standardize accomplishment report format and terminology.

Planning and Evaluation Division (PED):

- Define engagement activity indicators.
- Standardize documentation submission and reporting processes.
- Improve database tracking and records management.
- Allocate budget for IT capacity building.

Operations Division (OD):

- Validate and update transport cooperative directory.
- Establish clear targets for training and capacity-building programs.
- Improve issuance process for Certificates of Good Standing (CGS).
- Enhance data recovery and database management.

Administrative and Finance Division (AFD):

- Allocate budget for Transport Cooperative Day (October 19, 2025).
- Ensure timely budget utilization and contract renewals.
- Streamline procurement processes and address personnel shortages.

- Develop a training and development plan for 2026.
- Maintain a database of training programs and review award guidelines.

PTMP-PIU (Public Transport Modernization Program - Project Implementing Unit):

- Strengthen procurement processes and ensure complete documentation.
- Address staff shortages and improve training facilitation.
- Enhance reporting systems and documentation.

All the workshop outputs on the division's issues and concerns were uploaded to Google Drive for easy access and reference. Likewise, these issues would either be addressed or serve as a basis for next year's strategic planning.

Day 3: December 12, 2024

-
1. Recap of Day 2 Discussions and Key Takeaways
 - Summary of accomplishments, concerns, and recommendations from Day 2.
 - Confirmation of the February 2025 Strategic Planning Session.
 2. Key Takeaways & Next Steps:
 - Continued collaboration between OTC, transport cooperatives, and partner agencies.
 - Implementation of recommended improvements in process efficiency, database management, and reporting.
 3. Wellness and Team-Building Activities:
 - Opening remarks by Ms. Nelin Manglicmot, emphasizing work-life balance, camaraderie, and sportsmanship.
 - Engaging activities aimed at boosting morale and team cohesion.

APPENDIX D

TRAINING PROGRAM OVERVIEW

BASIC FLEET MANAGEMENT SYSTEM SEMINAR (BFMSS) / ASSESSMENT WORKSHOP ON THE RECALIBRATION OF BFMSS

Module No.	Title	No. of Hours
Module 1	Introduction to Fleet Management Systems This module serves as an introductory module into Fleet Management Systems (FMS), providing participants with a comprehensive understanding of its fundamental components and significance within contemporary fleet operations. The key features and functionalities inherent to FMS will be discussed.	1.5
Module 2	Regulatory Compliance and Safety The Regulatory Compliance Module aims to provide participants with the knowledge and resources necessary to navigate the complex regulatory landscape effectively, ensuring legal compliance and promoting the sustainable and safe operation of fleet vehicles within transport cooperatives.	1.5
Module 3	Vehicle Maintenance Management This module delves into the critical domain of vehicle maintenance, recognized as indispensable for ensuring the reliability and longevity of fleet assets. Participants will be introduced to the imperative of preventive maintenance schedules and shall explore, through a formal lens, the seamless integration of FMS in the tracking and scheduling of maintenance tasks.	4
Module 4	Fuel Management In recognition of the significant impact of fuel costs on fleet operations, this module focuses on strategies aimed at optimizing fuel efficiency. Through a formal discourse, participants shall delve into the intricacies of fuel management, leveraging FMS as a powerful tool for efficient fuel monitoring and analysis to mitigate costs effectively.	2
Module 5	5.1 Driver Management and Safety Safety and adherence to driving protocols constitute fundamental aspects of fleet management. This module aims to underscore the significance of driver management and safety measures.	2

	<p>Participants will undertake a detailed examination of driver performance monitoring, along with the application of FMS for an in-depth analysis of driver behavior to enhance safety standards.</p> <p>5.2 Basic Human Resource Management</p> <p>This module will also cover essential principles of human resource management, including the recruitment, training, performance evaluation, and retention of drivers, all of which are important for effective fleet management.</p>	
Module 6	<p>Introduction to Fleet Dispatch Management</p> <p>Introduces the fundamental aspects of fleet dispatch management, emphasizing the use of data to create effective route plans and schedules. Participants will learn the principles and practices of dispatch management, including route planning, scheduling, real-time tracking, and communication. This module introduces methods and techniques for managing dispatch operations, ensuring participants have a solid foundation before advancing to more complex topics in future modules.</p>	1
Workshop	<p>Work plan for establishing a fleet management system for their transport service cooperatives.</p>	2
	<p>Opening and closing ceremonies, evaluation, assessment</p>	2
	<p>Total Number of Hours</p>	18

DRIVERS TRAINING ON ROAD SAFETY AND ETHICS SEMINAR

Module No.	Title	No. of Hours
Module 1	INTRODUCTION ON ROAD SAFETY <ul style="list-style-type: none"> • Understand the importance of road safety in reducing accidents and saving lives. • Identify common causes of road-related incidents and preventive measures. • Promote awareness of individual responsibilities in ensuring road safety. 	1
Module 2	PERMIT AND LICENSES <ul style="list-style-type: none"> • Educate participants on the requirements and processes for obtaining and renewing driver permits and licenses. • Highlight the significance of having proper documentation for legal driving. • Emphasize the consequences of driving without valid permits or licenses. 	1
Module 3	REGISTRATION OF MOTOR VEHICLE <ul style="list-style-type: none"> • Provide detailed guidance on the procedures for vehicle registration and renewal. • Explain the importance of vehicle registration in ensuring compliance with transportation laws. • Address common issues and challenges in motor vehicle registration and how to resolve them. 	1
Module 4	ORIENTATION ON ROAD AND TRAFFIC RULES <ul style="list-style-type: none"> • Familiarize participants with updated road and traffic rules and regulations. • Improve understanding of road signs, markings, and their applications. • Encourage adherence to traffic rules to promote order and safety on the road. 	1.5

Module 5	LAND TRANSPORTATION SPECIAL LAWS	1.5
	<ul style="list-style-type: none"> • Introduce participants to special laws governing land transportation in the country. • Discuss specific provisions, penalties, and responsibilities outlined in these laws. • Encourage compliance with these laws to avoid legal repercussions and ensure public safety. 	
Module 6	DEMERIT POINT SYSTEM	1
	<ul style="list-style-type: none"> • Explain the mechanics of the demerit points system and its implementation. • Highlight the behaviors and violations that lead to point deductions and their consequences. • Encourage participants to maintain good driving records by avoiding violations and promoting ethical driving practices. 	
	Opening and closing ceremonies, evaluation, assessment	1
	Total Number of Hours	8

LABOR LAW SEMINAR

Module No.	Title	No. of Hours
Module 1	Employees Compensation Program <ul style="list-style-type: none"> • The Employees' Compensation Program (ECP) module offers participants a clear understanding of the program's purpose, coverage, and benefits. It underscores the obligations of employers and cooperative management in ensuring compliance with ECP regulations, focusing on the program's role in providing support to workers impacted by work-related injuries, illnesses, or death. 	1

Module 2	Wage Compliance <ul style="list-style-type: none"> The Wage Compliance module focuses on ensuring adherence to wage laws and regulations. It provides participants with an in-depth understanding of minimum wage standards, wage orders, and legal obligations, emphasizing the importance of fair compensation practices within the transport cooperative sector as part of the transport modernization program. 	1
Module 3	General Labor Standards <ul style="list-style-type: none"> The General Labor Standards module provides an overview of fundamental labor laws and regulations. It emphasizes compliance with general labor standards, including working hours, wages, benefits, and workplace conditions, ensuring participants understand their obligations to promote fair and lawful employment practices. 	1
Module 4	Occupational Safety and Health <ul style="list-style-type: none"> The Occupational Safety and Health (OSH) module focuses on ensuring safe and healthy workplaces. It covers OSH standards, employer responsibilities, and preventive measures to reduce workplace hazards, promoting a culture of safety and compliance with labor regulations. 	1
Module 5	Termination of Employment <ul style="list-style-type: none"> The Termination of Employment module provides a detailed discussion on the legal grounds, processes, and requirements for ending employment relationships. It highlights the rights and responsibilities of both employers and employees, ensuring compliance with due process and labor laws. 	1
Opening and closing ceremonies, evaluation, assessment		3
Total Number of Hours		8
